As a follow-up to your request, please accept this letter as clarification that your current permit (Permit Number 3716-8UZMCU) remains in force until the Signing Director has made a decision to renew the permit or to refuse the renewal. We acknowledge that your application for renewal has been made at least 90 days prior to the expiry of the permit.

Please note that all terms and conditions of the Permit to Take Water remain in effect and full compliance with those terms and conditions are required. Any change in circumstances related to this permit should be reported promptly to the Signing Director.
