Dear Ms Simmard:

Permit Number 1381-95ATPY

As a follow-up to your request, please accept this letter as clarification that your current permit (Permit Number 1381-95ATPY) remains in force until the Signing Director has made a decision to renew the permit or to refuse the renewal. We acknowledge that your application for renewal has been made at least 90 days prior to the expiry of the permit.

Please note that all terms and conditions of the Permit to Take Water remain in effect and full compliance with those terms and conditions is required. Any change in circumstances related to this permit should be reported promptly to the Signing Director.

I have included the link below that refers to the section of the *Ontario Water Resources Act, Section 34.1 (6)*, that allows the water taking under this permit to continue.
